RON LA CUNA DEL RON LIQUERO Santiago DE CUBA

Journey to the beautiful city of Santiago de Cuba and discover Ron Santiago de Cuba.

The soul of Cuba, a city alive with the rhythm of music, the warmth of its people, and the echoes of history. Explore the colourful streets of Santiago de Cuba where at every corner a melody is waiting to be heard.

Here the baking heat of the Caribbean sun, the humidity of the land and the sea perfectly entwine to create the optimum conditions for cultivating sugar cane, enriching the ageing process and bringing depth to Ron Santiago de Cuba.

Also known as the 'The Cathedral of Cuban Rum' the Don Pancho warehouse is where Ron Santiago de Cuba is aged in only white oak barrels. The unique location is said to be so close to the train tracks that the barrels tremble when the trains pass, influencing the ageing process.
