## RON *Santiago* DE CUBA

LA CUNA DEL  
RON LIQUERO

Journey to the beautiful city of  
Santiago de Cuba and discover  
Ron Santiago de Cuba.

The soul of Cuba, a city alive with  
the rhythm of music, the warmth  
of its people, and the echoes  
of history. Explore the colourful  
streets of Santiago de Cuba  
where at every corner a melody  
is waiting to be heard.

Here the baking heat of the  
Caribbean sun, the humidity of  
the land and the sea perfectly  
entwine to create the optimum  
conditions for cultivating sugar  
cane, enriching the ageing  
process and bringing depth to  
Ron Santiago de Cuba.

Also known as the 'The Cathedral  
of Cuban Rum' the Don Pancho  
warehouse is where Ron Santiago  
de Cuba is aged in only white  
oak barrels. The unique location  
is said to be so close to the train  
tracks that the barrels tremble  
when the trains pass, influencing  
the ageing process.
